**Identify Parallel, Perpendicular, and Intersecting Lines**

Identify the given pair of lines as either parallel, perpendicular, or intersecting.

**IMPORTANT!!!****Browsers Have Recently Been Changed**

Browsers have been recently changed, and for a few users the worksheet will not show up in the window above.

Until these browsers are corrected, you will need to do the following.

Right below the Create It button on the previous page, there is a small blue check box.

Place a check mark in the blue box

and then press the Create It button.

This will cause the worksheet to display properly.

If You Experience Display Problems with Your Math Worksheet	
Note: You must have Adobe Reader installed for the Worksheet to display or print properly.	
Click here for free download of Adobe Reader.	
The boxes below will cause the program to send the PDF Worksheet using different methods. You should select only the one that applies to you if you are experiencing that problem.	
	If the Worksheet is displaying weird characters in your browser, or tries to open the PDF with a .pl extension, then please check the <b>Orange Box</b> .
	If the Worksheet is not being displayed on the <b>PDF Viewer Page</b> at all, then please check the <b>Blue Box</b> .

### Instructions for Printing and Saving the Math Worksheet

This *math worksheet* is produced as a PDF document.

You may save it to your computer or print it out for immediate use.

These *math worksheets* may contain several pages.

When the answer key is selected it will always appear in the PDF document as the last page.

#### Internet Explorer, Firefox, and Opera Instructions:

There should be a File Toolbar at the top of the Worksheet Viewer.

The File Toolbar may be toggled on and off by clicking on the Worksheet and pressing the F8 key.

You may save or print from this toolbar.

You may also print the worksheet by right clicking the Worksheet and selecting "Print".

#### Chrome Instructions:

There should be a File Toolbar in the lower right corner of the Worksheet Viewer.

The File Toolbar will become visible when you bring the cursor in the lower right of the Worksheet Viewer window.

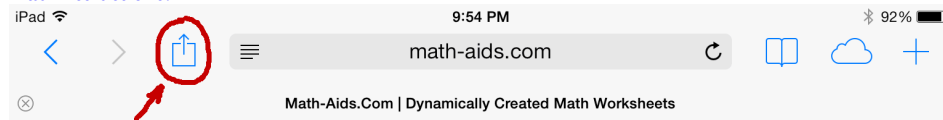

You may save or print from this toolbar.

You may also right click on the Worksheet and select either "Print.." or "Save as..".

#### Safari Instructions:

You may right click on the Worksheet and select either "Print Frame..." or "Save PDF As..".

#### iPad Instructions:

Click on this icon and then select the Print option.
